

MANCHESTER BADMINTON LEAGUE

RULES

1. Play

The following govern play in League matches:

- (a) Each team in the League shall play home and away matches with every other team in the same division.
- (b) Where a club has more than one team in the same division the matches between these teams must be played before December 31st, in order to avoid the possibility of manipulating results at the end of the season to gain advantage.
- (c) The home team must inform the visiting team of any bye-laws concerning the home venue, providing such bye-laws are not in contravention of the Badminton World Federation Laws of Badminton.
- (d) Feathered shuttles must be used and they must comply with the specification as described in the Badminton World Federation Laws of Badminton.
- (e) All games in each match are played using the rally point scoring system. The first side to reach 21 points is declared the winner, except:
 - If the score is 20-20, then the winner is the first side to gain a 2 point lead.
 - If the score is 29-29, the winner is the side that first scores 30 points.
- (f) If a scorer is requested, then either home or visiting team should provide one.

(g) Each team shall consist of three men (referred to below as A, B & C) and three ladies (referred to below as 1, 2 & 3).

(i) Each match shall consist of pairs of players playing two games as follows and where possible in the order as shown below:

(h) 1 point is awarded for each game won. An additional two points is added for a win and one extra point for a draw.

(j) All line calls are to be made by the receiving pair.

(i) A let may be granted at the discretion of the receiving pair.

(ii) The opposing pair, spectators and scorers do not have any authority.

- (k) Players for each team must be bona fide members of the club which they are representing.
- (i) Each club must submit a full list of those players they intend to play in matches to the Results Secretary by the end of September or 14 days before the start of the season, whichever is later. It is recommended that clubs send a full list of all the club's players to avoid issues later in the season. If this is impractical for any club they should consult the Results Secretary to agree alternative arrangements which satisfy the rules.
 - (ii) Any new players must be registered with the Results Secretary before the scheduled start of the match. It is recommended that this registration is by e-mail, and should be copied in to the club's own secretary and/or match secretary, in order that a club official also has a record of the registration.
 - (iii) No club may register new players after the 1st March in a season, for the purposes of playing League matches in that season, unless permission has been given by the Committee.
 - (iv) A player is automatically registered for a team once they have played 3 consecutive matches for that team. At the start of the season, where applicable, a player will be automatically registered for the same team as the previous season, unless the Results Secretary is notified in writing of their new designation.
 - (v) Any player may play as reserve for a higher team, signified with an 'R' next to their name on the scorecard.
 - (vi) Registered players may play down but in doing so will immediately become registered to the lower team and will not be permitted to reserve up or be registered for any higher team until they miss three consecutive matches played by the higher team.

- (vii) Playing down is not permitted if either their current team or prospective team has three or fewer matches remaining in the current season's league programme.
- (viii) A registered player can only be re-registered to another team by formal notification to the Results Secretary.
- (ix) Re-registration of a player is not permitted if either their current team or prospective team has three or fewer matches remaining in the current season's league programme.
- (x) A player may only represent one club in the league during the season. Players may only change registration in the season with the permission of the MBL Committee.
- (xi) No player is allowed to play in two different matches at the same time.

(l) A player is limited to the number of matches they can play in a season to the same number of matches a team in the largest division would play plus 30% of that number, rounded down. See table below.

Teams in division	Matches for registered team	Maximum number of matches
6	10	13
7	12	15
8	14	18
9	16	20
10	18	23
11	20	26

(m) Playing down by more than one team is not allowed.

- (n) Player movement within teams and clubs will be monitored by the League Committee, with particular focus on teams or players that are systematically abusing the rules to gain unfair advantage. Clubs are at liberty to raise concerns with the Committee over opposition teams where they believe one or more players have played down as soon as they are aware of the issue. The Committee reserve the right to apply penalties for any breach of these rules and for any other un-sporting or unfair behaviour.
- (o) Matches must be played on the date as arranged at the fixtures meeting.
 - (i) At least 7 days notice must be given to the opposing team for postponing a match.
 - (ii) A new date for the match must be decided upon within 14 days of the original date.
 - (iii) Both teams must inform the results secretary of the postponed match and the date of the rearranged match.
- (p) League matches shall commence no earlier than 7:00pm.
 - (i) The actual starting time must be notified at the fixtures meeting who will publish the information.
 - (ii) If the match has not commenced within one hour of the starting time, the whole match will be forfeit. It will be awarded to the team NOT responsible for the late start.
 - (iii) The team initially responsible for a late start will forfeit any incomplete or un-played games.

(q) Results of all matches must be recorded on the appropriate score sheet provided at the fixtures meeting. The score sheet, indicating the participating players, is to be filled in before completion of the first two games of the match.

(i) A copy of the score sheet should be sent to the Results Secretary, the home team should keep a copy and the away team keeps a copy. It is the responsibility of the Home team to send a copy to the Results Secretary. The score sheet must be received by the Results Secretary within 21 days of the match being played. Copies sent by email are acceptable.

Note: email submission is encouraged as an acknowledgment of receipt will normally be sent. It is advised that home teams do NOT hand a score-sheet to an away team for them to submit it to the Results Secretary.

(ii) Failure to comply with this rule will result in 3 points being deducted from the team's overall total.

(iii) If a match is conceded for any reason, the Results' Secretary will award the winners a score calculated as: $x + y$ where $x =$ Total games won by the team in the matches that have been played divided by the number of matches played, calculated to 2 decimal places. If x is 10 or more then $y=2$, if x is between 9.000 and 10 then $y=1$, otherwise $y= 0$.

The minimum score for a conceded match would be 10 points plus 2 points for the win.

The value of x for each conceded game will also be used in the calculation described above should two teams have the same number of points at the end of the season after points from any conceded games have been awarded.

- (iv) The losers of a conceded match, if they fail to play any part of the match will not be awarded any points.
- (v) If a match is unable to be rearranged, it is in the teams' interest to continue to play the original fixture and concede any games unable to be played rather than conceding the match altogether.
- (r) The Results Secretary will keep scores and publish regularly on the web site.
- (s) All disputes and other matters arising from a match must be submitted to the league committee within 7 days of the match. The League Secretary will acknowledge receipt within 7 days.
- (t) A 3 point penalty is issued for breaching the following rules. Note that rule (n) still applies.
 - (i) Any team fielding an unregistered player
 - (ii) Rule (k)(vii) – Playing down is not permitted if either their current team or prospective team has three or fewer matches remaining in the current season's league programme.
 - (iii) Rule (m) - Playing down by more than one team is not allowed.
- (u) A 1 point penalty will be given for each instance of an incomplete or illegible scoresheet, to a maximum of 3 points. Each incomplete or illegible player name counts as one instance.
